Learning activities

Discuss with pupils the importance of reviewing what they did and, referring back to their Business Plan, if they achieved what they set out to do.

Ask each group to suggest changes to the way in which they would plan and carry out a similar enterprise in future.

Using Activity 12 Evaluation Checklist, pupils identify their own personal successes – what they did well and not so well?

Pupils debate and decide what to do with any profit.

Ask the pupils from the winning group to give a presentation on their enterprise to the rest of the school. This presentation would be part of the school's entry for the national competition and also a starting point for other enterprise projects that the school might carry out in the future.

Pupils' achievements are recognised and celebrated by the school, governors and by parents.
